THIS SUMMARY OF COMPETITIVE SANCTION RULES IS INCLUDED FOR YOUR REVIEW.

USA ROLLER SPORTS COMPETITIVE SANCTION REGULATIONS

See rules book for complete description of sanction regulations.

A competitive sanction is "permission in writing" from the USARS National Headquarters to sponsor a contest affecting the registered members of the Confederation. The sanction is issued for the protection of the competitive status of the participants and to insure that USARS rules relating to such contests are observed.

Except for intra-club contests where all participants are members of the sponsoring club, competition hosts are reminded that the majority of contestants are guests from other USARS member clubs and the Confederation expects contest hosts to treat them courteously and without exploitation.

Application DEADLINE - 30 days prior to start of event!!

An application in writing and payment for a competitive sanction must be filed with the USA Roller Sports National Headquarters at least thirty (30) days prior to the opening date of the contest. Any sanction applications received within the thirty (30) day deadline will pay a penalty of an additional \$150 per day and risk the insurance company denying coverage due to short notice. Any announcement of contest must bear the USARS sanction number provided by the National Office.

SANCTION FEES

- A. USARS MEMBER CLUBS: The sanction fee for USARS member clubs is at **no cost for Hockey**, \$150 per day or \$300 if holding "Tiny Tot", "Basic Beginner" or other types of class competitions. Any application received past the deadline listed above must pay \$300 per day of competition and risk the insurance company denying coverage due to short notice. Prior to participating, all participants must secure USARS membership which provides them with medical/injury insurance. Liability insurance is included with this sanction fee, assuming verification that all participants are USARS members who have executed a waiver of liability and qualify for USARS accident insurance, and the event occurs within a USARS chartered club facility. A separate application is required to apply for an outdoor speed contest sanction, which has different venue safety regulations.
- B. NON-MEMBER AND/OR ORGANIZATIONS. The sanction fee is \$225 per day and applies to contests organized for both USARS athletes as well as skaters who are not USARS members. Host applicants must agree to abide by USARS contest safety requirements. USARS member participants are covered by medical/injury insurance, non-member participants are not. Basic fee does not include liability coverage for venue or organizers, but will include liability protection for participating commissioned USARS officials.
- C. MULTI-NATIONAL CONTEST - Involves competitors from the United States and other countries. The sanction fee is \$150 per day.

Liability insurance certificates in the amount of \$1,000,000 may be issued naming non-member venues and meet hosts/sponsors as additional named insured at a cost of \$200 per day, plus the \$225 per day sanction fee. All conditions for safety of participants must be observed, as noted on the reverse side of this application. A USARS Certified Meet Director or USARS Commissioned Referee is required. Liability insurance coverage requires that all participants must be USARS members in good standing.

NO EVENT MAY BEGIN BEFORE 6 AM AND NO EVENT SHALL FINISH LATER THAN 1 AM

MEDICAL SUPERVISION AND SAFETY GUIDELINES

All applicants for USARS sanctions and all persons in charge of the sanctioned activity (meet director) shall be familiar with and agree to the following guidelines for medical supervision and safety precautions:

1. The sponsor shall plan for prompt access to qualified medical assistance and shall furnish this plan to the meet director.
2. The sponsor shall plan for transportation of injured persons to qualified medical assistance and shall furnish this plan to the meet director.
3. Only those who are properly trained and qualified to render first aid should administer first aid to an apparently seriously ill or injured person. This guideline is not intended to prevent the furnishing of customary assistance for minor injuries which is reasonable under the circumstances, such as providing band aids for small cuts.
4. Only those who are properly trained in emergency transportation or under the direction of trained medical personnel should attempt to move or transport a person with apparently serious injuries to the neck, head, back or limbs.
5. The sponsor shall plan for such other medical supervision as may be reasonable under the circumstances and furnish this plan to the meet director.
6. Equipment required for safety under USARS General Rules must be worn at all practices and competitions; otherwise, USARS accident/medical insurance is void.
7. Sanction holder must provide meet officials with an adequate supply of surgical gloves, swabs and other medical supplies necessary for treating and isolating bleeding injuries.

SPEED MEET SAFETY REQUIREMENTS

The following safety requirements shall be satisfied in order to hold an indoor sanctioned competition:

1. The track shall be laid out according to minimum safety specifications provided by USARS National Headquarters.
2. All rail barriers and all rail openings between corner pylons 2 and 3, 4 and 1 shall be closed in such a manner as to present a continuous solid, smooth surface from the floor to the top of the horizontal railings.
3. For skating floors with no rail or wall barrier surrounding the skating surface, a minimum of five (5) feet from the edge of the skating surface shall be kept clear of seating, bleachers, spectators, and contestants and will be clearly identified by use of chalk, tape, rope, etc.
4. Smooth, continuous barriers shall not be padded. All rough surfaces, protrusions and obstacles adjoining the track or within five (5) feet of the skating surface without a barrier protection, shall be padded. The padding shall be at least 2" thick raised from the skating surface 10".
5. No structures, speakers, lights, or the like shall project into the track area within seven-and-a-half (7 1/2) feet overhead of the skating surface. If the actual track path on the floor is more than 30 feet from the edge of the skating surface, the safety requirements for padding are waived.
6. ANSI Z90.4 and/or SNELL-rated standard bicycle helmets are required to be worn by all speed skaters at all speed skating competitions. All normal markings on helmets must be left intact and not tampered with in order that they be readily identified as having complied with the ANSI Z90.4 and/or SNELL-rated helmet standard.
7. The heats are to be arranged so as to divide the contestants as evenly as possible into the minimum number of heats consistent with no more than nine (9) skaters being permitted on the starting line. Only one starting line is permitted.

REPORTING CONTEST RESULTS

USARS will provide summary forms for all applicable contests for which a sanction has been approved.

1. Within five (5) days after the conclusion of the contest, a contestant roster (program), as well as a results listing must be forwarded to USARS.
2. The Board of Directors has determined that no further sanctions or credit be extended to sponsors of a contest that are delinquent in submission of contest data and funds. The payment of sanction fees is not sufficient without a contestant roster (program) and listing of results.

If a club has a past due account a sanction cannot be issued until paid in full.
